Subject: MOD2023/0132 - 15 Bridgeview Crescent FORESTVILLE

Attn: Phil Lane

Dear Phil,

Development Application No. Mod2023/0132

Description: Modification of Development Consent DA2022/1175 granted for Construction of a swimming pool

Address: 15 Bridgeview Crescent FORESTVILLE

Reference is made to the proposed development at the above area and Aboriginal heritage.

There are known Aboriginal sites in the area although no sites are recorded in the current lot and the area has been subject to previous disturbance reducing the likelihood of unrecorded Aboriginal sites.

If areas of in situ sandstone outcrop are in the proposed development area (such as level platforms over 2m square), the Aboriginal Heritage Office would recommend a preliminary inspection ('due diligence' under the National Parks and Wildlife Act 1974) by a qualified Aboriginal heritage professional prior to any development. If there are no existing sandstone outcrops present (or if any outcrops that were present were properly excluded from future impacts), then no further assessment is required and the Aboriginal Heritage Office would not foresee any further Aboriginal heritage constraints on the proposal.

Under the National Parks and Wildlife Act 1974 (NPW Act) all Aboriginal objects are protected. Should any Aboriginal Cultural Heritage items be uncovered during earthworks, works should cease in the area and the Aboriginal Heritage Office assess the finds. Under Section 89a of the NPW Act should the objects be found to be Aboriginal, Heritage NSW and the Metropolitan Local Aboriginal Land Council (MLALC) should be contacted.
