- 27 Lakeside ST  
North manly NSW 2100

**RE: DA2021/1912 - 2 - 4 Lakeside Crescent NORTH MANLY NSW 2100**

Not much has changed since the last submission. This is a flood zone, vulnerable people living on the ground floor will have all there possessions damaged and it places human safety at risk along with the neighbours safety. It does not have adequate parking 37 units require 37 parks. How can it become a three story building when the height limits won't allow. How can you privatise a community asset? This has 'vulnerable people flooded ' headlines all over it.
