RE: DA2020/1480 - 8 Forest Road WARRIEWOOD NSW 2102

I am totally against the proposal to include a 64 unit residential building in this Warriewood development near Forest Rd and Jubilee Ave. Detached houses only would be much more in keeping with the immediate area, a continuation of the Bert close development (although rather ugly), and provide much less burden on the already overloaded environment and roads and other facilities.

Surely we do not want to see such an ugly and unnecessary building adjoining our beautiful Warriewood escarpment
