RE: DA2021/2189 - 39 Frenchs Forest Road East FRENCHS FOREST NSW 2086

Extremely poor timing of this controversial application being just after a local government election and the Christmas/New Years holidays - and considering it has not been part of any of the State Planning of the Frenchs Forest Town Centre community consultations and considering its size and future impacts to the local traffic this side of the Wakehurst Parkway it should be encompassed by that overall plan.
