RE: DA2021/1620 - 31 Moore Road FRESHWATER NSW 2096

Please do not let this go ahead. The noise and disruption experienced since the first re-opening of the hotel has been life altering. The neighbourhood is not built to support such a huge venue. Being situated in a gully it mimics the qualities of an amphitheatre. Noise rises and there are so many homes situated in close proximity to this establishment that will be affected. We hear patrons screaming drunk in the street in the early hours, vomiting on the sidewalk. We can already hear the band and music from WITHIN the venue and cannot get to sleep at night. To open a new OUTDOOR level with a speaker system will cause such a significant disturbance, and impact the health and sanity of those who have paid big money to live in a small, relaxed coastal town. The streets already can't cope with the influx of visitors, it is not built to accommodate a venue of this size, which would be better suited in a larger city, not sitting nestled in amongst a quite small neighbourhood.
