**RE: DA2021/1039 - 14 Wyatt Avenue BELROSE NSW 2085**

The application for the establishment of the Boarding house on Wyatt Avenue Belrose should not be approved as such a facility could have a significantly detrimental effect on the health and safety of the school children that attend the two schools in very close proximity to the proposed site.

The safety issues include having significantly increased traffic in the area which even in the present time (due to increased number of children attending these school in the past five years) is causing significant disruption to residents during school drop off and pick up times.

The other safety issue in regards to children that is presented by a boarding house is the introduced presence of a large number of transient residents in the area.

In light of the above reasons I believe it would show lack of foresight and care of the wellbeing of the children that attend the two primary schools in close proximity to the site, if this type of facility should be approved.
