ENVIRONMENTAL PLANNING AND ASSESSMENT ACT, 1979 (EPAA)

The relevant matters for consideration under the Environmental Planning and Assessment Act, 1979, are:

The application has been assessed in accordance with the requirements of the Environmental Planning and Assessment Act 1979 and the associated Regulations. In this regard:

- An assessment report and recommendation has been prepared and is attached taking into all

relevant provisions of the Environmental Planning and Assessment Act 1979 and associated regulations;

- A site inspection was conducted and consideration has been given to the impacts of the development upon all lands whether nearby, adjoining or at a distance;
- Consideration was given to all documentation provided (up to the time of determination) by the applicant, persons who have made submissions regarding the application and any advice given by relevant Council / Government / Authority Officers on the proposal;

In this regard, the consideration of the application adopts the previous assessment detailed in the Assessment Report for DA2020/0570, in full, with amendments detailed and assessed as follows:

The relevant matters for consideration under Section 4.55 (2) of the Environmental Planning and Assessment Act, 1979, are:

Section 4.55 (2) - Other Modifications	Comments
A consent authority may, on application being made by the applicant or any other person entitled to act on a consent granted by the consent authority and subject to and in accordance with the regulations, modify the consent if:	
(a) it is satisfied that the development to which the consent as modified relates is substantially the same development as the development for which consent was originally granted and before that consent as originally granted was modified (if at all), and	<p>The development, as proposed, has been found to be such that Council is satisfied that the proposed works are substantially the same as those already approved under DA2020/0570 for the following reasons:</p> <p><i>The proposed modification involves a changed roof design over the rear, southern portion of the dwelling. The new roof design is consistent with the height of that already approved and will have minimal visual impact when viewed from adjoining properties. The changes will have negligible visual impact when viewed from the streetscape and will retain an appropriate level of amenity, privacy and solar access which is consistent with that already approved.</i></p> <p><i>As such, it is considered the proposal is substantially the same development as that already approved.</i></p>
(b) it has consulted with the relevant Minister, public authority or approval body (within the meaning of Division 5) in respect of a condition imposed as a requirement of a concurrence to the consent or in accordance with the general terms of an approval proposed to be granted by the approval body and that Minister, authority or body has not, within 21 days after being consulted, objected to the modification of that consent, and	Development Application DA2020/0570 did not require concurrence from the relevant Minister, public authority or approval body.
(c) it has notified the application in accordance with:	The application has been publicly exhibited in accordance with the Environmental Planning and Assessment Act 1979, Environmental Planning and

Section 4.55 (2) - Other Modifications	Comments
(i) the regulations, if the regulations so require, or (ii) a development control plan, if the consent authority is a council that has made a development control plan under section 72 that requires the notification or advertising of applications for modification of a development consent, and	Assessment Regulation 2000, Warringah Local Environmental Plan 2011 and Warringah Development Control Plan.
(d) it has considered any submissions made concerning the proposed modification within any period prescribed by the regulations or provided by the development control plan, as the case may be.	No submissions were received in relation to this application.

Section 4.15 Assessment

In accordance with Section 4.55 (3) of the Environmental Planning and Assessment Act 1979, in determining an modification application made under Section 96 the consent authority must take into consideration such of the matters referred to in section 4.15 (1) as are of relevance to the development the subject of the application.
