RE: Mod2016/0293 - 80 Evans Street FRESHWATER NSW 2096

We request you deny the extension of construction hours for this project. We live across the road from this site. Since the work began the noise & dust from this demolition has been endless. We are retired & are home most days. We hear the noise & breath the dust. We have to clean our windows & deck almost daily. We keep everything closed up to try & keep the dust out. It doesn't help. The dust from this site finds it's way into everything. Worst of all we're breathing it.

Our only respite are evenings & weekends. If you allow this extension we won't even have that.

Thank you for your consideration.
