I strongly support the establishment of a restaurant offering food and beverages as a standard and important feature of the Warringah Golf Club's future clubhouse. Not only will this be an expected offering to members and their guests but as importantly to other sporting club members in the precinct and to local residents. In comparison to many other locations within the NBC, this location and environs, this location sees a dearth of food service businesses. The new clubhouse will go a long way to improving the hospitality offering to many individuals and families.
