RE: DA2020/1316 - 1 Peacock Street SEAFORTH NSW 2092

I have 2 issues.

1:Privacy: From an already elevated position, an extra level will make current privacy redundant. We have previously taken steps to increase privacy with the a high fence and hedge.

2: Shade; Due to living on a main road, my backyard is a multi purpose area. It is used for outdoor cooking/eating with family, drying clothes, entertaining, exercise, games etc. all of these activities are enjoyed with sunlight. The development will significantly decrease the amount of time this area has sunlight.
