RE: DA2020/0502 - 36 Bardo Road NEWPORT NSW 2106

As the owners of 34 - 36 - 54 & 59 are threatening residence over this DA.

Dear Council.

BARDO ROAD LIVES MATTER.....

This DA need to be stopped at all costs. They killed all of the trees on both properties. If you let them get away with this, what precedence are you setting. You will be rewarding them with a \$9,000,000.00 pay day for what they have done.

How about you stand up for your Rate Payers once in a while.

They have not displayed DA sign until a few days ago.

Very few residence were notified. The hole of Bardo Road need to have been notified due to the size and impact this will have on the street. The DA should be suspended until this is done.

Clause 4.6

I can not just speed through a School Zone at 3pm doing 47kph in a 40kph Zone with out facing consequences.....so why should 34-36 Bardo Road be allowed freely to bend any rules they see fit.

We all know that the male that lives at 59 Bardo Road and Co Owner of 34-36 was seen poisoning trees on 34 - 36. He has since purchased 54 Bardo Road. This same male was observed tampering with trees on that block on Monday 8th June 2020 around 4:00pm-4:30pm. Lets see if all the trees healthy trees just start dying just like at 34 - 36 Bardo.

59 Bardo will be the next site to be developed.

The size of building is a joke
The state time of 06:00 is a joke
The ugly building is a joke
No green space is a joke
This Set 55 is a joke
4 bedrooms are a joke

Council you will have a lot of residence on you side if you help all of us to stop this build. They should not be allowed to get away with what they have done.
