**RE: DA2020/0661 - 7356 / 1167221 Huston Parade NORTH CURL CURL NSW 2099**

I strongly oppose the construction of this tower as I am very concerned about the health implications to the many children who regularly use these playing fields and netball courts. Not to mention the school that is so close to this tower.

It is of great concern that the council would even consider putting such a tower so close to a school, residential area, play park and playing fields. This proposal has been rejected in the past for very good reason and those reasons have not changed.
