RE: DA2019/1173 - 3 Berith Street WHEELER HEIGHTS NSW 2097

I object to the overdevelopment at the War Vets and now with many more multiple dwellings that are being built on single dwelling blocks in this suburb. Berith St is where I lived for many years and my father and sister are still living there. The amount of traffic has increased dramatically and available parking is scarce and impossible at school times due to 2 schools nearby. The size of the proposed development at 3 Berith is not in keeping with this suburban streetscape and it's frightening to think that council would even consider allowing a structure of this size to overpower the existing homes next door and close by. Please reconsider the size and style of this development because I detest the look of the buildings in Dee Why and now you're allowing the same look in surrounding suburbs. Our roads can't support existing residents and still you keep piling in more multi living buildings in an area with poor public transport!
