

Natural Environment Referral Response - Biodiversity

Application Number:	DA2022/1305
Date:	07/09/2022
Responsible Officer	Megan Surtees
Land to be developed (Address):	lot 11 DP 1026519 Maritime Lic 30002506 , 39 Seaforth Crescent SEAFORTH NSW 2092 lot 11 DP 1026519 Maritime Lic 30002506 , 39 Seaforth Crescent SEAFORTH NSW 2092

Reasons for referral

This application seeks consent development on land, or within 40m of land, containing:

- All Development Applications on
- Actual or potential threatened species, populations, ecological communities, or their habitats;
- Wildlife corridors;
- Vegetation query stipulating that a Flora and Fauna Assessment is required;
- Vegetation query - X type located in both A & C Wards;

And as such, Council's Natural Environment Unit officers are required to consider the likely potential environmental impacts.

Officer comments

The proposed development has been assessed against Manly LEP Clause 6.5 Terrestrial Biodiversity and State Environmental Planning Policy (Resilience and Hazards) 2021 clause 2.10 Development on land within the coastal environment area.

The proposed works require removal of two exempt trees, and includes areas of cut and fill, new retaining wall and landscape works. The works require limited removal of native vegetation or wildlife habitat. The proposal is therefore considered to comply with the applicable biodiversity control and is designed, sited and will be managed to avoid an adverse impact to the local environment.

The proposal is therefore supported.

Note: Should you have any concerns with the referral comments above, please discuss these with the Responsible Officer.

Recommended Natural Environment Conditions:

CONDITIONS TO BE COMPLIED WITH DURING DEMOLITION AND BUILDING WORK

Dead or Injured Wildlife

If construction activity associated with this development results in injury or death of a native mammal, bird, reptile or amphibian, a registered wildlife rescue and rehabilitation organisation must be contacted for advice.

Reason: To protect native wildlife.

Protection of Habitat Features

All natural landscape features, including any rock outcrops, native vegetation and/or watercourses, are to remain undisturbed during the construction works, except where affected by necessary works detailed on approved plans.

Reason: To protect wildlife habitat.

**CONDITIONS WHICH MUST BE COMPLIED WITH PRIOR TO THE ISSUE OF THE
OCCUPATION CERTIFICATE**

No Weeds Imported On To The Site

No Priority or environmental weeds (as specified in the Northern Beaches Local Weed Management Plan 2019 – 2023) are to be imported on to the site prior to or during construction works.

Details demonstrating compliance are to be submitted to the Principal Certifying Authority prior to issue of any Occupation Certificate.

Reason: To reduce the risk of site works contributing to spread of Priority and environmental weeds.
