**RE: DA2018/1708 - 197 Sydney Road FAIRLIGHT NSW 2094**

This is a completely inappropriate development for this suburb. Fairlight is full of little houses and relatively low level apartment blocks. The physical impact of the building will be an eyesore on the suburb. Parking is already difficult in the area and the development does not provide sufficient car spots for residents. This DA is not in the public interest and therefore Northern Beaches Council should not allow it.
