RE: Mod2019/0475 - 60 Binalong Avenue ALLAMBIE HEIGHTS NSW 2100

With respect to Assessing Officer, These amendments are significant variations to the court approved plans which will result in a diminished landscape outcome. In the court hearing this was a significant issue and therefore the amendments should not be approved. The developer will continue to make amendments to benefit his own profit outcome. There have been noticeable boarding houses built where the end result has not had the landscaping completed to approved DA plans and neighbours have suffered from lack of privacy and unattractive aesthetic. I implore you that this developer should adhere to his original landscape plans to help improve the aesthetic or this overdevelopment. Kind regards. Rebecca
