**RE: DA2021/1039 - 14 Wyatt Avenue BELROSE NSW 2085**

To Council Member

I am writing as I would like to oppose to the DA 2021/1039 as I am concerned with safety of children attending to our John Colet School if boarding houses are to be built so close to the school.

How can we be assured that the residents have been cleared to be safe around children? This is a major concern, as this is proposed to be built so close to the school, the park in front of the school and the tennis courts, as these are places heavily used by children and will therefore become common areas by residents as well.
