Subject: DA 2021/0180 1893 Pittwater Rd Bayview

DA Department NBC with attention to Ashley Warnest ,

We live at 14 Roches Ave Bayview and are concerned about the roof height/ pitch for the second storey edition at 1893 Pittwater Rd Bayview .

We are concerned about the impact the proposed design has in regards to our loss of view from our main living areas and would like to raise our concerns/ objections in regards to this current submission/ DA.

Thank you very much for the opportunity to voice our concerns .

Nicole and Simon Gastrell
