RE: DA2021/2116 - 145 Old Pittwater Road BROOKVALE NSW 2100

Dear Maxwell

I am writing this letter to support the development application, DA2021/2116 and hope the council does too.

With the facility being based at Warringah Mall, this will allow for multiple purpose trips to the one area. Kids, Parents, people with disabilities and local sporting clubs will be able to use the proposed world class facilities in the heart of Brookvale.

As a professional athlete for the last 15 years, I am looking forward to being able to visit one facility to train, recover and do my rehabilitation. Most importantly, health and wellness play a HUGE part in staying mentally fit, which these facilities will provide to all young and old.

The design of the centre also caters for the disabled, which will further build an inclusive community on the Northern Beaches. This is the exact facility and centre that we need on the Northern Beaches to help our kids achieve their potential.

I have no hesitation in supporting this development.

Best Regards

Kendrick Louis
