RE: Mod2021/0203 - 1102 Barrenjoey Road PALM BEACH NSW 2108

I find the sketches for this plan very distressing. It is completely inappropriate and unsympathetic to the coastal style of the surrounding houses and businesses of Palm Beach. This development, like so many invading the Northern Beaches, is destroying the charm of this area. I would support a development that has more character and more consideration for the surrounding buildings. This development proposal is completely inappropriate.
