RE: DA2021/2362 - 1 / 1105 Barrenjoey Road PALM BEACH NSW 2108

I have spent many happy summer holidays in Palm Beach as a child and have continued to holiday there as an adult. I also lived there for 6 months while undergoing grueling cancer treatment. I was fortunate to live in such a beautiful, tranquil, and private place, during a terrible time.

The family beach house is directly opposite the proposed development. I am concerned that our privacy will be severely impinged as the development looks right into the house. We will be completely exposed and it's wrong.

I am deeply opposed to this development.
