**RE: DA2021/1164 - 521 Barrenjoey Road BILGOLA BEACH NSW 2107**

This development application should be denied in my opinion as it is too massive and brutal for the sight; would remove beautiful remnants of native vegetation (as per the images submitted as part of the DA) and with that wildlife indigenous to the area; cause traffic mayhem during construction and for decades into the future as the owners attempted to enter or leave the property onto the narrow roadway which is the central thoroughfare for all traffic heading north or south and likely cause erosion on a very steep slope renowned for slippage. In an area famed for its beauty, why would anyone seek to lessen that beauty by wrecking any part of it?
