**RE: REV2022/0024 - 394 Barrenjoey Road NEWPORT NSW 2106**

The Newport Surf Club building has enormous heritage value and is an iconic building that should be preserved at all costs. It is central to the history and cultural identity of Newport as a beachside subject.

It has special significance to me because I use it as a member nearly every day of my life.

I support the DA without reservation.
