RE: DA2021/2567 - 60 Federal Parade BROOKVALE NSW 2100

We strongly object to the proposal that St Augustine's intends to increase their student capacity by 400 students. Already of a morning and afternoon, there are queues of cars dropping and picking up students creating illegal traffic jams and blocking the streets completely. The school seems to have made zero provision to account for any traffic let alone the increase by 400 extra students. In fact, we would like to request, that the school asks its students to not park in the streets surrounding the school as it causes parking issues for local residents. Further, as all of these students are on their P plates we have noticed poor driving and parking skills which lead to things like:

1. Cars driving too close to women with prams
2. Cars parking in private property spaces
3. Cars parking too close to corners
4. Not obeying road rules leading to aggressive road rage behaviour from students. (We once notified the school about this and did not get a response.)

It would be a good idea that the council and RMS do a traffic survey of what is already a traffic nightmare before adding to the problem.

Thank you.

Kind regards,

Julia
