**RE: DA2021/1164 - 521 Barrenjoey Road BILGOLA BEACH NSW 2107**

The proposed development does not fit the current property landscape of the area  
The disruption to the community in an already busy roadway "the bends " will have a huge  
adverse impact on transport ,travel times etc during construction  
It is my opinion that this development will have a negative imprint on this area and the general  
community and I request it is not approved
