**RE: DA2019/0278 - 1 / 1 Moore Road FRESHWATER NSW 2096**

This will be an amazing addition to Freshwater. It will stimulate the large active community of the northern beaches to the area. This will also be the only specialist bouldering specific gym on the Northern Beaches the next closest being 9Degrees in Lane Cove.

Bouldering allows the patient to climb solo and has had connections with improving mental health.

Without going into too much detail the new gym will be a positive establishment for the community.
