Subject: Att: Anne-Marie Young DA2020/1489 - 8 Forest Road, WARRIEWOOD

Hi Anne-Marie,

Thank you for your time on the phone. In addition to our submission we have some questions in regards to DA2020/1489:

The Bridge and kerb- previous works not complete

Private road – make understanding to the developer and tradies about no access on our private road as construction goes on until completion.

Eastern boundary – height of natural ground and proposal to make the ground higher. And overshadowing and privacy. Height poles needed

Traffic study report – no analysis carried out currently, a lot more traffic

Old farm house – lack of care

Construction parking – not mentioned

Dust suppression was not existent last time and asbestos issues

Bushfire Risk - General talk

As discussed a site meeting with us would be greatly appreciated as a lot of the issues need to be seen and discussed.

Thanks again,

Julie Nugent
