COMMENTS: (You may use the space provided or attach a separate document).

I am concerned that the proposed marina will occupy the deepest part of the channel which in low tides will prohibit yachts from getting through. I moor my yacht at Newport Anchorage Marina to the east of the proposed marina. My yacht draws 3 metres and at low tide I touch the bottom unless I travel at the deepest section which is exactly where the proposed marina is proposed. I would want to see depths taken at cross sections across the channel at low tide, and at extreme low tides.
