**RE: DA2018/1708 - 195 Sydney Road FAIRLIGHT NSW 2094**

I have lived in Fairlight for most of my life and now find myself objecting to the most outrageous over development and inappropriate use (a boarding house) on my door step is just wrong. The current lack of off street parking past P2 has the streets bursting with day trippers on buses and longer term parkers going where ever for weeks at a time. There is no room for further development of this nature as there are no more car spaces in the local area. I can only imagine the traffic issues with garbage trucks on the s bends being a very dangerous situation.

Fairlight is not an appropriate area for this development and should be rejected.
