Subject: DA2024/1249 - 0 East Esplanade MANLY NSW 2095

Dear Sir/ Madam,

I strongly object to adding more drinkers into the area where there is inadequate toilet facilities currently to cope with the number of patrons using East Esplanade reserve and the current licensed premises. Public urination along Victoria Parade and East Esplanade (on properties, in driveways, between cars) occurs regularly and will only increase if this goes ahead. What is needed is a proper plan by Council to alleviate current problems before more drinkers are added into an already crowded area.

Regards

Kerri Readford
