**Subject:** Comment on Development submission

Hi to the relevant person

I strongly object to the proposed development which will impact by shading Etc. at the Stony Range Reserve in Dee Why.

Over many years I have visited and enjoyed it with friends and family. Overseas visitors hardly believe what a wonderful natural space it is so close to a main road and overpopulated Dee Why.

I appeal to your common sense and ask that the development be changed so as to have a less negative impact at Stony Range Reserve for all our sakes. Thank you in advance for making the necessary changes to the application DA2022/0145.

Yours faithfully

Ms. Mary Claire Mullane
