RE: DA2019/0845 - 68 A Queenscliff Road QUEENSCLIFF NSW 2096

Parking in Queenscliff Rd and Pavillion St is at times impossible. NO development should be approved that makes this worse. I understand this application has insufficient car spaces so must be disallowed. This is exacerbated by the fact that this includes commercial premises which means even more cars will come into the street. In my view every development should have 1 car space for each bedroom plus one visitor spot per unit.
