Subject: DA2022/2281

To whom it may concern:

It has come to my attention that DA2022/2281 is under assessment and I would like to add my voice in support.

I have been the owner of the property 31 Albert Street Freshwater since 1985 and want to support the Pilu DA. It is not only a valuable icon for Freshwater it is a venue for the community and tourism with fine dining food, events and weddings. I have been to the restaurant but must admit not for some time. I have known this restaurant for close to 20 years as Pilu and in that time it has conducted fine dining and earned 2 hats for its excellence as well as regular weddings both indoors and in external structures without complaint until recently.

As the building site essentially remains the same, with actual improvements I can't understand any relevant complaints about the structures, noise or parking that have been unchanged for over 30 years. Parking for the restaurant is not an issue compared to the popularity of the area for beach users.

I have found the Pilu management team to have added great value to the community and been perfect caretakers of the building structure that remains in pristine condition and I would not like to see any changes.

I fully support the DA2022/2281.

Kind regards  
Christine Frith
