RE: DA2018/1481 - 1 / 0 Veterans Parade NARRABEEN NSW 2101

I strongly oppose this DA. The proposed site is right in the middle of a bustling local community and we are concerned about the electromagnetic radiation (EMR) emanating from the tower. There is no way of knowing what the long term effects of this will be for our children. My young children go to a local school within 400m of the proposed site. There are two other primary schools very close by also. Our kids will be exposed to this radiation daily. Please consider moving this to another location.
