Officer comments

The application seeks approval for alterations and additions to an existing dwelling. Council's Natural Environment Unit - Biodiversity referral team have reviewed the application for consistency against the relevant environmental legislation and controls, including:

Biodiversity Conservation Act 2016 (BC Act) **Manly Local Environmental Plan (MLEP)**

- Clause 6.5 (Terrestrial Biodiversity)

Manly Development Control Plan (MDCP)

- Clause 3.3.1. a) iv) Landscaping Design
- Clause 5.4.2 (Threatened Species and Critical Habitat Lands)

The proposal involves the conversion of an existing planter box into a balcony. As the proposal is located wholly within the existing footprint, and does not require the removal of prescribed trees or vegetation, nor is it likely to impact on soft open space or nearby biodiversity values, the Bushland and Biodiversity referral team find the application to be consistent against relevant environmental controls.

The proposal is therefore supported.

Note: Should you have any concerns with the referral comments above, please discuss these with the Responsible Officer.
