RE: DA2020/1756 - 353 Barrenjoey Road NEWPORT NSW 2106

To us Robertson Road is the heart of Newport because it has character and intimacy. It has hosted markets and music and has a wonderful vibe. To earmark it for the usual brush of development without character and cohesion is a crime. It needs to be the beacon of community spirit and village life and that won't happen with the proposed development. It could be something wonderful. Please take time to consider what this would mean if you lived close by and frequented its cafes and restaurants. Take time to have some vision. Take time to consider this carefully. It really matters to us.
