**RE: DA2020/0442 - 231 Whale Beach Road WHALE BEACH NSW 2107**

The proposed building for Whale Beach Road is an eyesaw! A concrete jungle proposed for one of the most beautiful areas of the Northern Beaches. The current shops blend in with the surrounds... this will not! It actually reminds me of something which would be built on the Gold Coast!!! Yuck! Will this encourage even more traffic along a strip of road which barely allows 2 cars to pass each other going different directions? YES!  
I'm quite shocked that anyone would even consider building this and even more shocked that it has got this far!
