| Estimated Cost of Works: | \$ 333,958.00 |

PROPOSED DEVELOPMENT IN DETAIL

The proposal is for the construction of a new dwelling house consisting of:

Ground floor:

- Kitchen, dining & living
- Multi/rumpus room
- Study
- Bathroom
- Landry
- Double garage

First floor:

- Bed 1 with ensuite and robe
- Beds 2, 3 & 4
- Bathroom

External:

- New vehicle crossing and driveway
- New bin store
- Rainwater tank

ASSESSMENT INTRODUCTION

The application has been assessed in accordance with the requirements of the Environmental Planning and Assessment Act 1979 and the associated Regulations. In this regard:

- An assessment report and recommendation has been prepared (the subject of this report) taking into account all relevant provisions of the Environmental Planning and Assessment Act 1979, and the associated regulations;
- A site inspection was conducted and consideration has been given to the impacts of the development upon the subject site and adjoining, surrounding and nearby properties;
- Notification to adjoining and surrounding properties, advertisement (where required) and referral to relevant internal and external bodies in accordance with the Act, Regulations and relevant Development Control Plan;
- A review and consideration of all submissions made by the public and community interest groups in relation to the application;
- A review and consideration of all documentation provided with the application (up to the time of determination);
- A review and consideration of all referral comments provided by the relevant Council Officers, State Government Authorities/Agencies and Federal Government Authorities/Agencies on the proposal.

SUMMARY OF ASSESSMENT ISSUES

Warringah Local Environmental Plan 2011 - 6.2 Earthworks
Warringah Development Control Plan - C3 Parking Facilities
Warringah Development Control Plan - D1 Landscaped Open Space and Bushland Setting
Warringah Development Control Plan - D6 Access to Sunlight
Warringah Development Control Plan - D8 Privacy
Warringah Development Control Plan - D9 Building Bulk
Warringah Development Control Plan - E1 Preservation of Trees or Bushland Vegetation

SITE DESCRIPTION

| | |
|------------------------------|--|
| Property Description: | Lot 5 DP 2154 , 51 Amourin Street NORTH MANLY NSW 2100 |
| | |

Detailed Site Description:

The subject site consists of one allotment located on the southern side of Amourin Street.

The site is regular in shape with a frontage of 10.06m along Amourin Street and a depth of 40.235m. The site has a surveyed area of 404.6m².

The site is located within the R2 Low Density Residential zone and is currently vacant.

The site has a diagonal crossfall of approximately 500mm from south-east to north-west.

The site contains no significant trees or vegetation.

Detailed Description of Adjoining/Surrounding Development

Adjoining and surrounding development is characterised by detached dwellings.

Map:

SITE HISTORY

A search of Council's records has revealed that there are no recent or relevant applications for this site.

The land has been used for residential purposes for an extended period of time.

ENVIRONMENTAL PLANNING AND ASSESSMENT ACT, 1979 (EPAA)

The relevant matters for consideration under the Environmental Planning and Assessment Act, 1979, are:

| Section 4.15 Matters for Consideration' | Comments |
|---|---|
| Section 4.15 (1) (a)(i) – Provisions of any environmental planning instrument | See discussion on “Environmental Planning Instruments” in this report. |
| Section 4.15 (1) (a)(ii) – Provisions of any draft environmental planning instrument | None applicable. |
| Section 4.15 (1) (a)(iii) – Provisions of any development control plan | Warringah Development Control Plan applies to this proposal. |
| Section 4.15 (1) (a)(iia) – Provisions of any planning agreement | None applicable. |
| Section 4.15 (1) (a)(iv) – Provisions of the Environmental Planning and Assessment Regulation 2000 (EP&A Regulation 2000) | <p><u>Division 8A</u> of the EP&A Regulation 2000 requires the consent authority to consider "Prescribed conditions" of development consent. These matters have been addressed via a condition of consent.</p> <p><u>Clause 50(1A)</u> of the EP&A Regulation 2000 requires the submission of a design verification certificate from the building designer at lodgement of the development application. This clause is not relevant to this application.</p> <p><u>Clauses 54 and 109</u> of the EP&A Regulation 2000 allow Council to request additional information. No additional information was requested in this case.</p> <p><u>Clause 92</u> of the EP&A Regulation 2000 requires the consent authority to consider AS 2601 - 1991: The Demolition of Structures. This matter has been addressed via a condition of consent.</p> <p><u>Clauses 93 and/or 94</u> of the EP&A Regulation 2000 requires the consent authority to consider the upgrading of a building (including fire safety upgrade of development). This clause is not relevant to this application.</p> <p><u>Clause 98</u> of the EP&A Regulation 2000 requires the consent authority to consider insurance requirements under the Home Building Act 1989. This matter has been addressed via a condition of consent.</p> <p><u>Clause 98</u> of the EP&A Regulation 2000 requires the consent authority to consider the provisions of the Building Code of Australia (BCA). This matter has been addressed via a condition of consent.</p> <p><u>Clause 143A</u> of the EP&A Regulation 2000 requires the submission of a design verification certificate from the building designer prior to the issue of a Construction Certificate. This clause is not relevant to this application.</p> |
| Section 4.15 (1) (b) – the likely impacts of the development, including environmental | <p>(i) Environmental Impact</p> <p>The environmental impacts of the proposed development</p> |

| Section 4.15 Matters for Consideration' | Comments |
|--|--|
| impacts on the natural and built environment and social and economic impacts in the locality | <p>on the natural and built environment are addressed under the Warringah Development Control Plan section in this report.</p> <p>(ii) Social Impact The proposed development will not have a detrimental social impact in the locality considering the character of the proposal.</p> <p>(iii) Economic Impact The proposed development will not have a detrimental economic impact on the locality considering the nature of the existing and proposed land use.</p> |
| Section 4.15 (1) (c) – the suitability of the site for the development | The site is considered suitable for the proposed development. |
| Section 4.15 (1) (d) – any submissions made in accordance with the EPA Act or EPA Regs | See discussion on “Notification & Submissions Received” in this report. |
| Section 4.15 (1) (e) – the public interest | No matters have arisen in this assessment that would justify the refusal of the application in the public interest. |

EXISTING USE RIGHTS

Existing Use Rights are not applicable to this application.

BUSHFIRE PRONE LAND

The site is not classified as bush fire prone land.

NOTIFICATION & SUBMISSIONS RECEIVED

The subject development application has been publicly exhibited in accordance with the Environmental Planning and Assessment Act 1979, Environmental Planning and Assessment Regulation 2000 and the relevant Development Control Plan.

As a result of the public exhibition process council is in receipt of 1 submission/s from:

| Name: | Address: |
|--------------|--|
| Martin Sachs | 53 A Amourin Street NORTH MANLY NSW 2100 |

The following issues were raised in the submissions and each have been addressed below:

- Ground levels
- Privacy impacts - ground level and first floor windows
- Front fence
- Landscaping, bin area
- Roof material

The matters raised within the submissions are addressed as follows:

- Ground levels
Comment:
The proposed plans have been amended to accurately reflect the existing ground levels on the site.
- Privacy impacts - ground level and first floor windows
Comment:
The proposal, as conditioned, will result in no unreasonable privacy impacts. The proposed western ground floor windows adjoin the driveway access to the adjacent properties to the west. The primary living area windows at No. 53 are at the front of the building and the private open space area is located to the western side of the dwelling. A full assessment is completed under D8 Privacy.
- Front fence
Comment:
No front fence is proposed on the plans or approved as part of the application.
- Landscaping, bin area
Comment:
No planting is proposed in the application. Conditions of consent are included requiring the provision of planting onto the site, including to the front of the bin storage area.
- Roof material/reflectivity
Comment:
A standard condition of consent is including ensuring that the roof material does not result in excessive glare impacts.

REFERRALS

| Internal Referral Body | Comments |
|--------------------------------|--|
| NECC (Development Engineering) | No objections are raised to the proposed development, subject to conditions. |
| External Referral Body | Comments |
| Ausgrid: (SEPP Infra.) | The proposal was referred to Ausgrid. No response has been received within the 21 day statutory period and therefore, it is assumed that no objections are raised and no conditions are recommended. |

ENVIRONMENTAL PLANNING INSTRUMENTS (EPIS)*

All, Environmental Planning Instruments (SEPPs, REPs and LEPs), Development Controls Plans and Council Policies have been considered in the merit assessment of this application.

In this regard, whilst all provisions of each Environmental Planning Instruments (SEPPs, REPs and LEPs), Development Controls Plans and Council Policies have been considered in the assessment, many provisions contained within the document are not relevant or are enacting, definitions and

operational provisions which the proposal is considered to be acceptable against.

As such, an assessment is provided against the controls relevant to the merit consideration of the application hereunder.

State Environmental Planning Policies (SEPPs) and State Regional Environmental Plans (SREPs)

SEPP 55 - Remediation of Land

Clause 7 (1) (a) of SEPP 55 requires the Consent Authority to consider whether land is contaminated. Council records indicate that the subject site has been used for residential purposes for a significant period of time with no prior land uses. In this regard it is considered that the site poses no risk of contamination and therefore, no further consideration is required under Clause 7 (1) (b) and (c) of SEPP 55 and the land is considered to be suitable for the residential land use.

SEPP (Building Sustainability Index: BASIX) 2004

A BASIX certificate has been submitted with the application (see Certificate No. 1037336S_02 dated 4 October 2019).

SEPP (Infrastructure) 2007

Ausgrid

Clause 45 of the SEPP requires the Consent Authority to consider any development application (or an application for modification of consent) for any development carried out:

- within or immediately adjacent to an easement for electricity purposes (whether or not the electricity infrastructure exists).
- immediately adjacent to an electricity substation.
- within 5.0m of an overhead power line.
- includes installation of a swimming pool any part of which is: within 30m of a structure supporting an overhead electricity transmission line and/or within 5.0m of an overhead electricity power line.

Comment:

The proposal was referred to Ausgrid. No response has been received within the 21 day statutory period and therefore, it is assumed that no objections are raised and no conditions are recommended.

Warringah Local Environmental Plan 2011

| | |
|--|-----|
| Is the development permissible? | Yes |
| After consideration of the merits of the proposal, is the development consistent with: | |
| aims of the LEP? | Yes |
| zone objectives of the LEP? | Yes |

Principal Development Standards

| Standard | Requirement | Proposed | % Variation | Complies |
|----------------------|-------------|----------|-------------|----------|
| Height of Buildings: | 8.5m | 7.2m | N/A | Yes |

Compliance Assessment

| Clause | Compliance with Requirements |
|---------------------------------|------------------------------|
| 4.3 Height of buildings | Yes |
| 6.2 Earthworks | Yes |
| 6.4 Development on sloping land | Yes |

Detailed Assessment

6.2 Earthworks

No significant earthworks are proposed.

Warringah Development Control Plan

Built Form Controls

| Built Form Control | Requirement | Proposed | % Variation* | Complies |
|---|-----------------------------|------------------------------|--------------|----------|
| B1 Wall height | 7.2m | 5.5m | N/A | Yes |
| B3 Side Boundary Envelope | 5m | E: Within envelope | N/A | Yes |
| | | W: Within envelope | N/A | Yes |
| B5 Side Boundary Setbacks | 0.9m | E: 0.9m | N/A | Yes |
| | | W: 0.9m | N/A | Yes |
| B7 Front Boundary Setbacks | 6.5m | 6.5m | N/A | Yes |
| B9 Rear Boundary Setbacks | 6m | 14.115m | N/A | Yes |
| D1 Landscaped Open Space (LOS) and Bushland Setting | 40% 161.84m ² | 43.8% 177.2m ² | N/A | Yes |

***Note:** The percentage variation is calculated on the *overall* numerical variation (ie: for LOS - Divide the proposed area by the numerical requirement then multiply the proposed area by 100 to equal X, then 100 minus X will equal the percentage variation. Example: $38/40 \times 100 = 95$ then $100 - 95 = 5\%$ variation)

Compliance Assessment

| Clause | Compliance with Requirements | Consistency Aims/Objectives |
|---------------------------|------------------------------|-----------------------------|
| A.5 Objectives | Yes | Yes |
| B1 Wall Heights | Yes | Yes |
| B3 Side Boundary Envelope | Yes | Yes |
| | | |

| Clause | Compliance with Requirements | Consistency Aims/Objectives |
|---|------------------------------|-----------------------------|
| B5 Side Boundary Setbacks | Yes | Yes |
| B7 Front Boundary Setbacks | Yes | Yes |
| B9 Rear Boundary Setbacks | Yes | Yes |
| C2 Traffic, Access and Safety | Yes | Yes |
| C3 Parking Facilities | Yes | Yes |
| C4 Stormwater | Yes | Yes |
| C5 Erosion and Sedimentation | Yes | Yes |
| C7 Excavation and Landfill | Yes | Yes |
| C8 Demolition and Construction | Yes | Yes |
| C9 Waste Management | Yes | Yes |
| D1 Landscaped Open Space and Bushland Setting | Yes | Yes |
| D2 Private Open Space | Yes | Yes |
| D3 Noise | Yes | Yes |
| D6 Access to Sunlight | Yes | Yes |
| D7 Views | Yes | Yes |
| D8 Privacy | Yes | Yes |
| D9 Building Bulk | Yes | Yes |
| D10 Building Colours and Materials | Yes | Yes |
| D11 Roofs | Yes | Yes |
| D12 Glare and Reflection | Yes | Yes |
| D14 Site Facilities | Yes | Yes |
| D20 Safety and Security | Yes | Yes |
| E1 Preservation of Trees or Bushland Vegetation | Yes | Yes |
| E2 Prescribed Vegetation | Yes | Yes |
| E6 Retaining unique environmental features | Yes | Yes |
| E10 Landslip Risk | Yes | Yes |

Detailed Assessment

C3 Parking Facilities

Merit consideration

The development is considered against the underlying Objectives of the Control as follows:

- *To provide adequate off street carparking.*

Comment:

The development provides the following on-site car parking:

| Use | Appendix 1 Calculation | Required | Provided | Difference (+/-) |
|-----|------------------------|----------|----------|------------------|
| | | | | |

| | | | | |
|----------------|-----------------------|---|---|---|
| Dwelling house | 2 spaces per dwelling | 2 | 2 | - |
| Total | 2 spaces | 2 | 2 | - |

<insert> (**Officer Note:** Refer to compliance/non-compliance with car parking requirements under Appendix 1)

- *To site and design parking facilities (including garages) to have minimal visual impact on the street frontage or other public place.*

Comment:

The proposed garage is integrated into the dwelling facade.

- *To ensure that parking facilities (including garages) are designed so as not to dominate the street frontage or other public spaces.*

Comment:

The proposed parking facilities will not dominate the street frontage.

Having regard to the above assessment, it is concluded that the proposed development is consistent with the relevant objectives of WLEP 2011 / WDCP and the objectives specified in s1.3 of the Environmental Planning and Assessment Act, 1979. Accordingly, this assessment finds that the proposal is supported in this particular circumstance.

D1 Landscaped Open Space and Bushland Setting

The development is conditioned to ensure appropriate planting is provided on the site.

D6 Access to Sunlight

Compliance with control

The proposed dwelling will not result in any overshadowing of public open space and maintains the required minimum sunlight access to the private open space of adjoining dwellings.

D8 Privacy

Compliance with control

The primary living areas of the proposed dwelling are orientated to the rear private open space of the site at ground floor level. The proposed upper floor windows are appropriately located and designed to minimise privacy impacts. The proposed Bed 2 window includes a privacy screen to prevent direct viewing to the eastern first floor window of No. 53 Amourin Street.

The proposed western ground floor windows are set back 2.16m from the boundary and additional separation is provided by the adjoining driveway at No. 53. These windows do not adjoin the private open space at No. 53, which is to the western side of the dwelling, and are suitably offset to avoid direct viewing to the ground floor window. Notwithstanding the above, a condition is included requiring the provision of planting along the western boundary of the subject site to screen the dining and multi room windows from the adjoining property.

The development is considered against the underlying Objectives of the Control as follows:

- *To ensure the siting and design of buildings provides a high level of visual and acoustic privacy for occupants and neighbours.*

Comment:

The proposed dwelling is sited and designed to minimise any overlooking and direct viewing impacts, and provide a sufficient level of privacy.

- *To encourage innovative design solutions to improve the urban environment.*

Comment:

The proposed dwelling design is appropriate.

- *To provide personal and property security for occupants and visitors.*

Comment:

The proposal provides security for occupants and visitors.

Having regard to the above assessment, it is concluded that the proposed development is consistent with the relevant objectives of WLEP 2011 / WDCP and the objectives specified in s1.3 of the Environmental Planning and Assessment Act, 1979. Accordingly, this assessment finds that the proposal is supported in this particular circumstance.

D9 Building Bulk

Merit consideration

The development is considered against the underlying Objectives of the Control as follows:

- *To encourage good design and innovative architecture to improve the urban environment.*

Comment:

The proposed dwelling is fully compliant with the relevant Warringah LEP and DCP controls, and is appropriately designed to minimise visual bulk.

- *To minimise the visual impact of development when viewed from adjoining properties, streets, waterways and land zoned for public recreation purposes.*

Comment:

The bulk of the proposed first floor is reduced through window placement and varied use of colours and materials, in addition to the increased rear and western side setbacks.

Having regard to the above assessment, it is concluded that the proposed development is consistent with the relevant objectives of WLEP 2011 / WDCP and the objectives specified in s1.3 of the Environmental Planning and Assessment Act, 1979. Accordingly, this assessment finds that the

proposal is supported in this particular circumstance.

E1 Preservation of Trees or Bushland Vegetation

No significant trees or vegetation are proposed to be removed.

THREATENED SPECIES, POPULATIONS OR ECOLOGICAL COMMUNITIES

The proposal will not significantly effect threatened species, populations or ecological communities, or their habitats.

CRIME PREVENTION THROUGH ENVIRONMENTAL DESIGN

The proposal is consistent with the principles of Crime Prevention Through Environmental Design.

POLICY CONTROLS

Northern Beaches Section 7.12 Contributions Plan 2019

The proposal is subject to the application of Northern Beaches Section 7.12 Contributions Plan 2019.

A monetary contribution of \$3,340 is required for the provision of new and augmented public infrastructure. The contribution is calculated as 1% of the total development cost of \$333,958.

CONCLUSION

The site has been inspected and the application assessed having regard to all documentation submitted by the applicant and the provisions of:

- Environmental Planning and Assessment Act 1979;
- Environmental Planning and Assessment Regulation 2000;
- All relevant and draft Environmental Planning Instruments;
- Warringah Local Environment Plan;
- Warringah Development Control Plan; and
- Codes and Policies of Council.

This assessment has taken into consideration the submitted plans, Statement of Environmental Effects, all other documentation supporting the application and public submissions, and does not result in any unreasonable impacts on surrounding, adjoining, adjacent and nearby properties subject to the conditions contained within the recommendation.

In consideration of the proposal and the merit consideration of the development, the proposal is considered to be:

- Consistent with the objectives of the DCP
- Consistent with the zone objectives of the LEP
- Consistent with the aims of the LEP
- Consistent with the objectives of the relevant EPIs
- Consistent with the objects of the Environmental Planning and Assessment Act 1979

It is considered that the proposed development satisfies the appropriate controls and that all processes

and assessments have been satisfactorily addressed.

RECOMMENDATION

THAT Council as the consent authority grant Development Consent to DA2019/1118 for Construction of a dwelling house on land at Lot 5 DP 2154, 51 Amourin Street, NORTH MANLY, subject to the conditions printed below:

DEVELOPMENT CONSENT OPERATIONAL CONDITIONS

1. **Approved Plans and Supporting Documentation**

The development must be carried out in compliance (except as amended by any other condition of consent) with the following:

a) Approved Plans

| Architectural Plans - Endorsed with Council's stamp | | |
|--|---------------------------|--------------------|
| Drawing No. | Dated | Prepared By |
| Site Plan | Issue F, 18 December 2019 | Eden Brae Homes |
| Ground Floor Plan | Issue F, 18 December 2019 | Eden Brae Homes |
| First Floor Plan | Issue F, 18 December 2019 | Eden Brae Homes |
| Elevations - North, West & South | Issue F, 18 December 2019 | Eden Brae Homes |
| East Elevation, Section A-A | Issue F, 18 December 2019 | Eden Brae Homes |

b) Any plans and / or documentation submitted to satisfy the Deferred Commencement Conditions of this consent as approved in writing by Council.

c) Any plans and / or documentation submitted to satisfy the Conditions of this consent.

d) The development is to be undertaken generally in accordance with the following:

| Landscape Plans | | |
|------------------------|--------------|--------------------|
| Drawing No. | Dated | Prepared By |
| Concept Landscape Plan | Undated | N/A |

In the event of any inconsistency between conditions of this consent and the drawings/documents referred to above, the conditions of this consent will prevail.

Reason: To ensure the work is carried out in accordance with the determination of Council and approved plans.

2. **Prescribed Conditions**

(a) All building works must be carried out in accordance with the requirements of the

Building Code of Australia (BCA).

- (b) BASIX affected development must comply with the schedule of BASIX commitments specified within the submitted BASIX Certificate (demonstrated compliance upon plans/specifications is required prior to the issue of the Construction Certificate);
- (c) A sign must be erected in a prominent position on any site on which building work, subdivision work or demolition work is being carried out:
 - (i) showing the name, address and telephone number of the Principal Certifying Authority for the work, and
 - (ii) showing the name of the principal contractor (if any) for any building work and a telephone number on which that person may be contacted outside working hours, and
 - (iii) stating that unauthorised entry to the work site is prohibited.

Any such sign is to be maintained while the building work, subdivision work or demolition work is being carried out, but must be removed when the work has been completed.
- (d) Residential building work within the meaning of the Home Building Act 1989 must not be carried out unless the Principal Certifying Authority for the development to which the work relates (not being the Council) has given the Council written notice of the following information:
 - (i) in the case of work for which a principal contractor is required to be appointed:
 - A. the name and licence number of the principal contractor, and
 - B. the name of the insurer by which the work is insured under Part 6 of that Act,
 - (ii) in the case of work to be done by an owner-builder:
 - A. the name of the owner-builder, and
 - B. if the owner-builder is required to hold an owner-builder permit under that Act, the number of the owner-builder permit.

If arrangements for doing the residential building work are changed while the work is in progress so that the information notified under becomes out of date, further work must not be carried out unless the Principal Certifying Authority for the development to which the work relates (not being the Council) has given the Council written notice of the updated information.
- (e) Development that involves an excavation that extends below the level of the base of the footings of a building on adjoining land, the person having the benefit of the development consent must, at the person's own expense:
 - (i) protect and support the adjoining premises from possible damage from the excavation, and
 - (ii) where necessary, underpin the adjoining premises to prevent any such damage.
 - (iii) must, at least 7 days before excavating below the level of the base of the footings of a building on an adjoining allotment of land, give notice of intention to do so to the owner of the adjoining allotment of land and furnish particulars of the excavation to the owner of the building being erected or demolished.
 - (iv) the owner of the adjoining allotment of land is not liable for any part of the cost of work carried out for the purposes of this clause, whether carried out on the allotment of land being excavated or on the adjoining allotment of land.

In this clause, allotment of land includes a public road and any other public place.

Reason: Legislative requirement.

3. **General Requirements**

- (a) Unless authorised by Council:
Building construction and delivery of material hours are restricted to:
- 7.00 am to 5.00 pm inclusive Monday to Friday,
 - 8.00 am to 1.00 pm inclusive on Saturday,
 - No work on Sundays and Public Holidays.

Demolition and excavation works are restricted to:

- 8.00 am to 5.00 pm Monday to Friday only.

(Excavation work includes the use of any excavation machinery and the use of jackhammers, rock breakers, excavators, loaders and the like, regardless of whether the activities disturb or alter the natural state of the existing ground stratum or are breaking up/removing materials from the site).

- (b) Should any asbestos be uncovered on site, its demolition and removal must be carried out in accordance with WorkCover requirements and the relevant Australian Standards.
- (c) At all times after the submission the Notice of Commencement to Council, a copy of the Development Consent and Construction Certificate is to remain onsite at all times until the issue of a final Occupation Certificate. The consent shall be available for perusal of any Authorised Officer.
- (d) Where demolition works have been completed and new construction works have not commenced within 4 weeks of the completion of the demolition works that area affected by the demolition works shall be fully stabilised and the site must be maintained in a safe and clean state until such time as new construction works commence.
- (e) Onsite toilet facilities (being either connected to the sewer or an accredited sewer management facility) for workers are to be provided for construction sites at a rate of 1 per 20 persons.
- (f) Prior to the release of the Construction Certificate, payment of the Long Service Levy is required. This payment can be made at Council or to the Long Services Payments Corporation. Payment is not required where the value of the works is less than \$25,000. The Long Service Levy is calculated on 0.35% of the building and construction work. The levy rate and level in which it applies is subject to legislative change. The applicable fee at the time of payment of the Long Service Levy will apply.
- (g) The applicant shall bear the cost of all works associated with the development that occurs on Council's property.
- (h) No skip bins, building materials, demolition or excavation waste of any nature, and no hoist, plant or machinery (crane, concrete pump or lift) shall be placed on Council's footpaths, roadways, parks or grass verges without Council Approval.
- (i) Demolition materials and builders' wastes are to be removed to approved waste/recycling centres.
- (j) No trees or native shrubs or understorey vegetation on public property (footpaths, roads, reserves, etc.) or on the land to be developed shall be removed or damaged during construction unless specifically approved in this consent including for the erection of any fences, hoardings or other temporary works.

(k) Prior to the commencement of any development onsite for:

- i) Building/s that are to be erected
- ii) Building/s that are situated in the immediate vicinity of a public place and is dangerous to persons or property on or in the public place
- iii) Building/s that are to be demolished
- iv) For any work/s that is to be carried out
- v) For any work/s that is to be demolished

The person responsible for the development site is to erect or install on or around the development area such temporary structures or appliances (wholly within the development site) as are necessary to protect persons or property and to prevent unauthorised access to the site in order for the land or premises to be maintained in a safe or healthy condition. Upon completion of the development, such temporary structures or appliances are to be removed within 7 days.

(l) A "Road Opening Permit" must be obtained from Council, and all appropriate charges paid, prior to commencement of any work on Council property. The owner/applicant shall be responsible for all public utilities and services in the area of the work, shall notify all relevant Authorities, and bear all costs associated with any repairs and/or adjustments as those Authorities may deem necessary.

(m) Requirements for new swimming pools/spas or existing swimming pools/spas affected by building works.

- (1) Child resistant fencing is to be provided to any swimming pool or lockable cover to any spa containing water and is to be consistent with the following;

Relevant legislative requirements and relevant Australian Standards (including but not limited) to:

- (i) Swimming Pools Act 1992
 - (ii) Swimming Pools Amendment Act 2009
 - (iii) Swimming Pools Regulation 2008
 - (iv) Australian Standard AS1926 Swimming Pool Safety
 - (v) Australian Standard AS1926.1 Part 1: Safety barriers for swimming pools
 - (vi) Australian Standard AS1926.2 Part 2: Location of safety barriers for swimming pools.
- (2) A 'KEEP WATCH' pool safety and aquatic based emergency sign, issued by Royal Life Saving is to be displayed in a prominent position within the pool/spa area.
 - (3) Filter backwash waters shall be conveyed to the Sydney Water sewerage system in sewered areas or managed on-site in unsewered areas in a manner that does not cause pollution, erosion or run off, is separate from the irrigation area for any wastewater system and is separate from any onsite stormwater management system.
 - (4) Swimming pools and spas must be registered with the Division of Local Government.

Reason: To ensure that works do not interfere with reasonable amenity expectations of residents and the community.

FEES / CHARGES / CONTRIBUTIONS

4. **Policy Controls**

Northern Beaches 7.12 Contributions Plan 2019

A monetary contribution of \$3,339.58 is payable to Northern Beaches Council for the provision of local infrastructure and services pursuant to section 7.12 of the Environmental Planning & Assessment Act 1979 and the Northern Beaches Section 7.12 Contributions Plan 2019. The monetary contribution is based on a development cost of \$333,958.00.

The monetary contribution is to be paid prior to the issue of the first Construction Certificate or Subdivision Certificate whichever occurs first, or prior to the issue of the Subdivision Certificate where no Construction Certificate is required. If the monetary contribution (total or in part) remains unpaid after the financial quarter that the development consent is issued, the amount unpaid (whether it be the full cash contribution or part thereof) will be adjusted on a quarterly basis in accordance with the applicable Consumer Price Index. If this situation applies, the cash contribution payable for this development will be the total unpaid monetary contribution as adjusted.

The proponent shall provide to the Certifying Authority written evidence (receipt/s) from Council that the total monetary contribution has been paid.

The Northern Beaches Section 7.12 Contributions Plan 2019 may be inspected at 725 Pittwater Rd, Dee Why and at Council's Customer Service Centres or alternatively, on Council's website at www.northernbeaches.nsw.gov.au

This fee must be paid prior to the issue of the Construction Certificate. Details demonstrating compliance are to be submitted to the Principal Certifying Authority.

Reason: To provide for contributions in accordance with the Contribution Plan to fund the provision of new or augmented local infrastructure and services.

5. **Security Bond**

A bond (determined from cost of works) of \$1,500 and an inspection fee in accordance with Council's Fees and Charges paid as security to ensure the rectification of any damage that may occur to the Council infrastructure contained within the road reserve adjoining the site as a result of construction or the transportation of materials and equipment to and from the development site.

An inspection fee in accordance with Council adopted fees and charges (at the time of payment) is payable for each kerb inspection as determined by Council (minimum (1) one inspection).

All bonds and fees shall be deposited with Council prior to Construction Certificate or demolition work commencing, details demonstrating payment are to be submitted to the Certifying Authority prior to the issue of the Construction Certificate.

To process the inspection fee and bond payment a Bond Lodgement Form must be completed with the payments (a copy of the form is attached to this consent and alternatively a copy is located on Council's website at www.northernbeaches.nsw.gov.au).

Reason: To ensure adequate protection of Council's infrastructure.

**CONDITIONS TO BE SATISFIED PRIOR TO THE ISSUE OF THE CONSTRUCTION
CERTIFICATE**

6. **Stormwater Disposal**

The applicant is to submit Stormwater Engineering Plans for the new development within this development consent, prepared by an appropriately qualified and practicing Civil Engineer, indicating all details relevant to the collection and disposal of stormwater from the site, buildings, paved areas and where appropriate adjacent catchments. Stormwater shall be conveyed from the site to Amourin Street.

Details demonstrating compliance are to be submitted to the Certifying Authority for approval prior to the issue of the Construction Certificate.

Reason: To ensure appropriate provision for disposal and stormwater management arising from the development.

7. **Vehicle Crossings Application**

The Applicant is to submit an application for driveway levels with Council in accordance with Section 138 of the Roads Act 1993. The fee associated with the assessment and approval of the application is to be in accordance with Council's Fee and Charges.

An approval is to be submitted to the Certifying Authority prior to the issue of the Construction Certificate.

Reason: To facilitate suitable vehicular access to private property.

8. **Soil and Water Management Program**

A Soil and Water Management Plan prepared in accordance with Landcom's 'Managing Urban Stormwater: Soils and Construction' (2004) and implemented on site until the works are completed.

Details demonstrating compliance are to be submitted to the Certifying Authority prior to the issue of the Construction Certificate.

Reason: To protect the environment from the effects of sedimentation and erosion from development sites.

9. **External Finishes to Roof**

The external finish to the roof shall have a medium to dark range in order to minimise solar reflections to neighbouring properties. Any roof with a metallic steel finish is not permitted.

Details demonstrating compliance are to be submitted to the Certifying Authority prior to the issue of the Construction Certificate.

Reason: To ensure that excessive glare or reflectivity nuisance does not occur as a result of the development.

10. **Landscape screening**

Screen planting capable of achieving a minimum height at maturity of 2m is to be provided in the following locations:

- i) To the front of the proposed bin store area
- ii) Along the western boundary fence adjoining the 'Dining' and 'Multi' rooms

Plants are to be planted at minimum 1.5 metre centres and be of a minimum pot size of 25 litres at planting.

Details of the selected planting are to be provided to the Certifying Authority prior to the issue of a Construction Certificate.

Reason: To screen the development from the street frontage and adjoining property.

11. Required planting

In addition to the required landscaping screening, planting is to be provided on site as below:

- i) Front setback - minimum of 1 tree
- ii) Rear setback - minimum of 3 trees

The selected species are to be capable of achieving a minimum height at maturity of 4m.

Details of the selected planting are to be provided to the Certifying Authority prior to the issue of a Construction Certificate.

Reason: To enhance local amenity and provide planting back onto the site.

12. Waste Management Plan

A Waste Management Plan must be prepared for this development. The Plan must be in accordance with the Development Control Plan.

Details demonstrating compliance must be provided to the Certifying Authority prior to the issue of the Construction Certificate.

Reason: To ensure that any demolition and construction waste, including excavated material, is reused, recycled or disposed of in an environmentally friendly manner.

CONDITIONS TO BE COMPLIED WITH DURING DEMOLITION AND BUILDING WORK

13. Road Reserve

The applicant shall ensure the public footways and roadways adjacent to the site are maintained in a safe condition at all times during the course of the work.

Reason: Public Safety.

14. Vehicle Crossings

The Applicant is to construct one vehicle crossing 3.5 metres wide in accordance with Northern Beaches Council Drawing No A4-3330/1 N and the driveway levels application approval. An Authorised Vehicle Crossing Contractor shall construct the vehicle crossing and associated works within the road reserve in plain concrete. The crossing must be clear of power pole. All redundant laybacks and crossings are to be restored to footpath/grass. Prior to the pouring of concrete, the vehicle crossing is to be inspected by Council and a satisfactory "Vehicle Crossing Inspection" card issued.

A copy of the vehicle crossing inspection form is to be submitted to the Principal Certifying Authority.

Reason: To facilitate suitable vehicular access to private property.

15. Installation and Maintenance of Sediment Control

Measures used for erosion and sediment control on building sites are to be adequately maintained at all times and must be installed in accordance with Council's Specifications for Erosion and Sediment Control. All measures shall remain in proper operation until all

development activities have been completed and the site fully stabilised.

Details demonstrating compliance are to be submitted to the Principal Certifying Authority.

Reason: To protect the environment from the effects of sedimentation and erosion from development sites.

CONDITIONS WHICH MUST BE COMPLIED WITH PRIOR TO THE ISSUE OF THE OCCUPATION CERTIFICATE

16. **Stormwater Disposal**

The stormwater drainage works shall be certified as compliant with all relevant Australian Standards and Codes by a suitably qualified person. Details demonstrating compliance are to be submitted to the Principal Certifying Authority prior to the issue of any interim / final Occupation Certificate.

Reason: To ensure appropriate provision for the disposal of stormwater arising from the development.

In signing this report, I declare that I do not have a Conflict of Interest.

Signed

Adam Croft, Planner
