Dear Carly,

I am writing to you to declare my objections of these developments to the commission.

I live directly across the street from these proposed developments, where the only common area, the open balconies, face our bedroom windows, which will be very noisy for us and the rest of the street.

The managers officers are both placed at the back of their buildings, not allowing easy access to neighbors concerns.

There is no escape ramps for disabled people. No mustering area in case of emergency, no fire hydrant on either proposed developments.

The buildings take up the entire 2 two blocks, leaving leaving no green space.

These are my concerns, my phone number is 0411960208.

Kind regards,

Tiga Wallman.
