Subject: Complaint about Proposed development DA2020/0341

We propose to put a complaint in regarding proposed development DA2020/0341
Lot 2413 DP 752038
87 Blackbutts Road Frenchs Forest

Our complaint is regarding balconies and window positioning on the 3 units in this development.

As we are located at 91 Blackbutts road (next door to this property) these windows and balconies will extremely impact on our backyard privacy as we have a entertainment area and pool.

This is a two storey development. After looking at the plans in this proposal all windows will directly look into our backyard therefore we will have no privacy whatsoever.

This is deeply concerning to us as is our right to preserve our privacy.
We would appreciate this development not proceed until there has been considerate acknowledgement of the complaint at hand and an alternative solution has been made.

We appreciate a representative from council approach us to discuss this further.
