RE: DA2022/0469 - 1102 Barrenjoey Road PALM BEACH NSW 2108

Dear Sir/Madam,

As far as we can assess this latest proposal is just an attempt to make us believe that this is a more sympathetic plan.

It is not really any different to the previous application.

We live in Palm Beach because we believe that it is the last suburb on the on the peninsular which hasn't been absolutely ruined by over development and we want it to remain this way.

This latest design is overwhelmingly inappropriate for this beautiful and historic area.
Please reconsider.
