To whom it may concern,

**IMPACT REVIEW STATEMENT:
5 Skyline Place, Frenchs Forest NSW**

This letter has been commissioned by Platino Properties Pty Ltd to compare the difference from our original report and current plans with respect to tree management.

The subject trees had been included within an earlier Arboricultural Impact Appraisal and Method Statement compiled by Naturally Trees dated 21 January 2021. This letter is to be read in conjunction with this earlier report, which provides information on tree conditions, dimensions and management recommendations during construction.

I confirm that I have cited the current plans, DA000 to DA210 (Issue D) dated 1 November 2021, and the original Arboricultural Impact Appraisal and Method Statement. All tree management recommendations still apply as per our previous Arboricultural Impact Appraisal and Method Statement dated 21 January 2021.

For further information regarding the subject trees, please contact Naturally Trees.

Yours sincerely

Andrew Scales
