To whom this may concern,

I as a customer strongly support Hugos Development Application to have additional outdoor seating. I live on the northern beaches (2099) and Hugo's is my favourite restaurant on the northern beaches! It's my go to spot. The service and food is all impeccable! It's not just a restaurant it is a dining experience, and an amazing one at that..

And the Hugo's lower deck adds class and a luxury feeling to that experience. It's my favourite spot to be seated. Being seated on the outside lower deck with a pizza a cocktail and good company makes for a perfect summer day or evening!

Kind regards  
Monique Walker
