**Subject:** DA2020/1027 - Wholehearted support for this application

I am a resident and ratepayer and reside at 1/34 Addison Road Manly, NSW 2095 and would like to provide my written support for this application. My reasoning and motivation is as follows:

1. It is a very aesthetically pleasing design, well considered, designed and thought through.
2. Significant investment appears to have been made, to ensure it works with and in fact enhances the local environment.
3. The Ripples Group is a family owned, Australian enterprise with an excellent array of restaurant and dining precedents around Sydney's foreshores. Ripples Group do this well and deserve the opportunity to replicate that success here.
4. It provides a much needed local opportunity to dine casually on the Eastern Hill, within walking distance of many residents who can be expected to enjoy the experience.
5. The area should not be held back by objecting naysayers who resist any level of change and any degree of progress, at every opportunity.

Let's go for it Councillors! The design and the application deliver an absolute enhancement to this beautiful location, to be enjoyed by locals and visitors alike.

Thanks you for the opportunity to provide this written and wholehearted support for this development.

Regards,

**Paul Nelson**
