

A photograph showing three clumps of ornamental grasses with green and yellow variegated blades, growing in a stone bed. The grasses are dense and have long, thin blades. The stone bed is made of irregular, light-colored stones. In the background, there are other plants, including some with red flowers.

A photograph of a modern garden. In the background, a wooden fence runs along a covered walkway. To the left, a small structure with a dark roof is visible. The garden is filled with various plants, including tall, thin grasses and several blue-flowered shrubs in the foreground. The overall style is contemporary and minimalist.

A close-up photograph of a garden bed. Several large, spherical, purple flower heads, likely from a species of Allium, are the focal point. They are mounted on tall, slender, dark brown stems. The flowers are in various stages of bloom, with some showing more vibrant purple and others appearing slightly more faded. The plants are surrounded by lush green foliage, including long, thin, blade-like leaves that arch over the flowers. In the background, other garden plants are visible, including some with white flowers and more greenery, creating a layered and textured look. The lighting is bright, suggesting a sunny day, and the overall composition is a dense, naturalistic arrangement.
