RE: DA2020/1453 - 4 Collaroy Street COLLAROY NSW 2097

i have lived on the northern beaches all my life and it is nice to see a measured approach to developments like this. i see that parking and street frontage landscaping has all been considered. as we all know the beaches are becoming more and more populated and the need for quality projects like this are a welcome sign. i like the overall look of the drawings and i believe it will vastly improve the whole area
well done hcap
