To whom it may concern,

I write in support of the proposed building alterations and additions to Newport Surf Club.

Like all surf clubs, Newport provides an invaluable service to the community. Its buildings are in dire need of the proposed alterations and additions. The present state of using shipping containers in the car park to house lifesaving and other surf equipment is simply awful. The proposal acts on this significant deficiency and prepares the Newport SLSC to serve the community for many years to come.

I strongly support the proposal.

kind regards
