Subject: Planning Section 455 Modifications Mod 2021/0983

My wife Susann and I are writing this letter as the joint owners of 167 Whale Beach Road, Whale Beach.

It has come to our attention that there has been a massive change to the approved DA for 231 Whale

Beach Road which will increase the number of customers allowed at the three venues to 276 and the closing times from 3pm to 10pm.

Advice from Council re this vital piece of information went to only six adjoining neighbours!!

It's often hard to park already. If this happens parking will be a nightmare.

Whale Beach Road itself is very congested and parking is limited.

The road (Surf Road) down to the beach from Whale Beach Road is a tight dogleg, is narrow and congestion makes it dangerous. Lives could be lost.

We therefore object most strongly to this happening.

Without an explanation, the rest of Whale Beach residents (all of them except the six mentioned above) are astounded and wondering why we have not been advised.

Susann and Michael Crivelli [REDACTED]
