RE: DA2017/0947 - 1114 - 1118 Pittwater Road COLLAROY NSW 2097

Why is the design of these works 2.7:1 and partially on Crown Land ? The 1.5:1 specification would not require use of crown lands nor the use of so much of beach property

What conditions will be placed on the applicant ? Are they consistent 100% with all other applications for coastal protection ?

Have the adjoining landowners agreed to this design or the works in total ?
