RE: DA2020/1063 - 2 / 0 Bennett Street CURL CURL NSW 2096

I strongly oppose the extension of sporting hours and upgrade to lighting on John Fisher and Weldon ovals.

Having an open area of green space for me and my family to use is part of the reason we just paid a premium for our house in Manuela place.

It is a wonderful space for the community to use, not just for the sport children.

There are many houses that will be directly negatively impacted by the significant increase in light and noise pollution?

These are public/community spaces that should be enjoyed by all the community. Local community member- our rate payers are NOT in support of this destruction and disruption.

I strongly oppose the proposal.
